

You will also need chenille stems or wire ornament hangers to complete your ornaments.

**Instructions**

1. Use the small circle, small hexagon, and large square pegboards for your projects. If you're using a clear pegboard, slide the actual-size pattern underneath it. Place all the beads for the design.
2. Cover the completed design with the ironing paper. Keeping the iron level, gently iron the beads in a circular motion for about 10 seconds to fuse the beads evenly. Ironed properly, the beads will still have an open center. **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make it difficult to add the hangers.
3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2. Your pegboards and ironing paper are reusable.
